To Whom It May Concern:

This is a letter of recommendation for Nathanael. Nathanael has been an active member of the Student Representation Council at SAE Qantm Creative Media Institute during his study. He has held the position of Deputy Chair, demonstrating Nathanael's hands-on nature to take on more responsibility.

Their inclusion within this council demonstrates a proactive approach to their environment and the University. Nathanael has assisted to organise events and utilised their problem solving skills to improve the student environment. Nathanael demonstrated excellent leadership during their time at SAE Institute representing the student body and voicing student concerns to staff members.

Nathanael is a hard working and dedicated student with an excellent attendance record and very good grade point average. Nathanael demonstrates a passion and drive for his studies and I whole-heartedly believe he will excel within this area.

Nathanael has been a voice for the student body during their tenure and an active participant in improving the learning experience for others. Their input has been invaluable to us at SAE.

Nathanael has shown great initiative by taking on the extra responsibilities that come with being a Student Representative, and that is why we can highly recommend him.

I have the upmost confidence in Nathanael and consider him to have been a valuable member of our student and university community. I have no doubt he will prove to be outstanding in future endeavours.

If you have any enquiries, please feel free to contact me.
